

THE LEAK DETECTIVE™

Detects even the smallest nitrogen gas leaks!

Now it's easy and economical to test your nitrogen gas springs and systems for leaks. The Leak Detective from Forward Industries detects even minute gas leaks in the most inaccessible areas of your system to save you time and money.

The Leak Detective

- Features longer lasting bubbles
- Can be applied to inverted surfaces
- Leaves no residue
- Is non-flammable, non-corrosive and non-toxic

The Leak Detective is available in a variety of sizes.

8-ounce	0100-0028
1 gallon	0100-0031
